Registration No. S/86180 of 1996-97 under the West Bengal Societies Registration Act, 1961

**A Voluntary Organization Committed to the Cause of Science, Culture and Scientific Outlook**

Dear Friends,

Breakthrough Science Society West Bengal Chapter has organized more than 30 relief camps in association with local science units affiliated with BSS in different districts of West Bengal in the last few months.

We thank all of you for your generous support and help, without which it was impossible to do so. The volunteers and our friends have rendered all physical and mental assistance to make it a reality in the Covid-19 pandemic and post-AMPHAN devastation. To the remotest corner of Sundarbans, where the movement of people is a mere impossibility after AMPHAN, our volunteers reached there to help the needy people with our meagre relief materials of food and other daily needs. But the effort was no way little compared to the content we have delivered at the hour of necessity.

Our volunteers have worked day and night to give technical solutions to the poor villagers for portable drinking water after the source of all drinking water was disrupted due to super cyclone AMPHAN in Southern Bengal.

We are a science organization working for the cause of science, and society cannot but remain silent when people are at distress and crisis. We were never quiet and extended all sorts of help in the natural calamities – flood, earthquake, drought even beyond the borders to the neighbours.

We thank you for your generosity.

Warm Regards

Professor Amitabha Datta  
President

Dr. Radhakanta Koner  
Secretary
